- NOTE:** Please note that this is a 'taster' day, it is aimed at encouraging cadets who may not have access to band training. It is designed to give them a taster of music within the SCC – it does not qualify cadets for their drumming or bugling badge, this can only be done by the ASO(Band). It is understood that there is no current London ASO(Band), but there will be provision made for those deemed ready to take assessment.
Cadets staying for both drum AND bugle workshops will require a pack-lunch.

NO ENTRIES WILL BE ACCEPTED AFTER 21ST SEPT 2007
